WX-GT80UI

App Remote Radio w/Pandora® for iPhone®

The App Remote feature provides safe control of select apps[8] from your iPhone®[4]. Stream Pandora® internet radio from your iPhone[4], playback your digital music files[1] from CD or using the USB 1-wire input[2]. Experience great sound quality thanks to the Advanced Sound Engine and customize the receiver's display color to match your mood.

Bullets

- App Remote for iPhone®[8]
- Front USB in for iPod®[3], iPhone®[3] & other USB devices[2]
- Pandora® internet radio app control for iPhone®[4]
- Double DIN design with LCD display & front aux input
- Dynamic Color Illuminator™ with Sound Synchronization
- SiriusXM™ Satellite radio connector ready[5]
- Intuitive Quick-BrowZer® and ZAPPIN® search features
- CD and MP3/WMA/AAC music file playback[1] with DM+
- Advanced Sound Engine with EQ7 & HPF/LPF crossovers
- Automatic Level Optimizer balances levels between tracks
- Hi-power 52 watt x 4 Dynamic Reality Amp
- 2 Volt front and rear/sub selectable preamp outputs
- Digital Clarity Tuner with Radio Data System (RDS)
- Convenient wireless remote (RM-X211)
- Steering wheel remote control input ready[7]

Features

Easy access to select iPhone®[4] apps[8]

Sony's exclusive App Remote feature combines music and select iPhone®[4] apps[8] into a single source list that can be safely displayed and controlled directly from your receiver. Application content is displayed on your iPhone while audio content plays through your speakers.

Versatile front USB 1-wire input cable[2]

Connect, control and charge your Walkman®, iPod®[3], iPhone®[3], Android™[6], Blackberry®[6], or other compatible USB device[2] while accessing your digital music files using the front panels USB input. You can also view metadata like song title and artist on the front display.

Pandora® Internet Radio Control[4]

Pandora® is the leading internet radio service, giving people music they love anytime, anywhere, through personalized radio stations. The WX-GT80UI provides complete access to your Pandora account using your iPhone®[4].

Convenient fitment & front USB[2]

The large double DIN design and easy-to-read LCD display shows source information, clock, station ID and track data when playing back digital files from CD, streaming audio or external USB devices[2]. Front auxiliary input lets you connect almost any portable audio device to your car's sound system.

Variable Color Illumination

Match your radio's illumination with over 35,000 colors to complement your existing vehicle lighting components with the Dynamic Color Illuminator™. With selectable Sound Synchronization, the timing of the color change is synchronized with the audio source.

SiriusXM™ Satellite radio ready[5]

The on-board SiriusXM™ connector[5] simplifies satellite radio installation by eliminating compatibility issues and providing direct connection to the new platform of tuners.

Intuitive music search features

Use Quick-BrowZer® to find music by artist, album, genre, song or playlist. Jump Mode allows you to fast forward through a category in 10% increments while the ZAPPIN® feature can play a 6, 9, or 30 second intro clip to help you find a specific song.

Plays CDs and popular digital files[1]

SONY
make.believe

Multi-format playback lets you play your MP3, WMA, or AAC songs[1]. Hear digital music files in their original vibrancy with DM+ (Digital Music Plus), a Sony® codec enhancer that reproduces detailed frequencies from compressed audio files.

Custom sound settings with EQ7

The Advanced Sound Engine uses EQ7 equalizer, adjustable LPF/HPF crossovers, Listener Position calibration, DM+ advanced sound restoration, Rear Bass Enhancer, and Dynamic Loudness volume leveler to deliver an impressive listening experience.

Smooth playback transitions

Automatic Level Optimizer analyzes each tracks playback levels and adjusts output level to optimize transitions between tracks and sources.

Powerful in-dash amplification

The internal Dynamic Reality Amp delivers 52 watts x 4 to your interior speakers, allowing you to crank up the volume while maintaining low distortion, low noise levels and smooth frequency response. Your music isn't just louder, its clearer too.

RCA outputs for system expansion

When you're ready to expand your system, the WX-GT80UI delivers 2 volt front and rear/sub selectable pre-amp RCA outputs for external amplifiers. The adjustable subwoofer level control lets you dial in the bass when you're ready to pump it up.

The immaculate reception

The Digital Clarity Tuner delivers industry leading signal to noise ratios, lower interference, better multipath rejection and better stereo separation. The RDS feature displays broadcast information when listening to compatible AM/FM stations.

Convenient wireless remote included

Control your receiver with the included wireless card remote (RM-X211).

Steering wheel control ready input[7]

This receiver is compatible with aftermarket remote control adapters[7] designed to utilize the vehicles existing, primary radio controls directly from the steering wheel. The 1/8" rear panel mounted remote input jack allows for simple connectivity.

Specifications

Amplifier Section	
Max power output	52 watts x 4 at 4 ohms
Power Ad Hoc	CEA2006 Standard Power: 17 Watts RMS per channel into 4 Ohms, 4 channels driven from 20 Hz to 20 kHz with less than 1% THD+N.
Speaker Impedance	4-8 Ohms
AMP & General Feature	
Automatic Level Optimizer	Yes

1. Not all files may playback due to file variations. Copyright protected ACC-LC files not supported.
2. Not all USB devices are compatible. Consult www.esupport.sony.com for complete details.
3. Works with iPod touch® (1st – 4th generations), iPod nano® (1st– 6th generations), iPod classic®, iPod with video and iPhone, 3G, 3GS, 4 and 4S.
4. Works with iPhone® 3G, 3GS, 4 and 4S via USB port.
5. Requires tuner and subscription, sold separately.
6. Compatible with Android or Blackberry smartphones supporting Mass Storage Class (MSC) devices, users required to manually select MSC/USB connection in smartphone menu for proper functionality.
7. Compatibility varies as not all vehicles are compatible; please consult with each interface manufacturer for details.
8. Requires download of free Sony App Remote app for iPhone® from the App Store. Users must link compatible apps to the App Remote application on their phone in order to play the audio signal on the Sony receiver.
